

THE RT HON JOHN WAKEHAM MP

Department of Energy
1 Palace Street
London SW1E 5HE

Sat March 1990.

Dear Prime Minister,

If I were still your Chief Whip, I would be saying that when the tide goes out it goes a long way before it turns, but we have to stand very firm on what we believe to be right and and sure or can be it will turn. I am sure you will stand resolute, and this note is just to reassure you that there are many of us fully supporting you.

Yours ever

John

5th March 1990

Dear Prime Minister

If I were still your Chief Whip, I would be saying that when the tide goes out it goes out a long way before it turns, but we have to stand very firm on what we believe to be right and and *[sic]* sure as can be it will turn. I am sure you will stand resolute, and this note is just to reassure you that there are many of us fully supporting you.

Yours ever,
John
